East Weymouth, MA

Pool installed July, 2002.

This is our 6th summer with our pool and every time we get in, we still say, "this is one of the best things we ever did". We have 2 children now and the entire family gets to enjoy the pool together with family, neighbors and friends.

We were concerned that getting a pool would require lots of time for maintenance, but this pool is truly maintenance free requiring minimal attention. As far as appearance goes, it's so attractive that we built our backyard and decks around it, knowing that it would be there for many, many years to come.

With today's gas prices, we don't have to worry about going far to have fun - we have our own personal getaway in our backyard to enjoy the hot New England summer. I can't say it enough, getting this pool was truly one of the best things we ever did!
